

Zero-Inventory Hydrogen Supply Eases Hydrogen Applications: Solves Delivery, Storage & Site Distribution Challenges

Argonne National Lab

US Marines Silent Camp

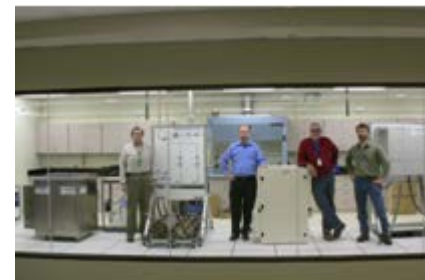

Army Ft. Belvoir/NREL Golden CO

Proton OnSite Hydrogen Generators

- Zero inventory hydrogen generation
- Unlimited hydrogen availability
- Eliminate piping, storage & deliveries
- Extremely high purity, dry hydrogen
- Pressurized hydrogen – up to 435 psig
- Load-following hydrogen supply
- Eliminate delivery hassles
- Less expensive than delivered hydrogen
- Enhanced safety, site security
- Highest product quality

Savannah River National Labs

NASA Glenn Renewable Energy

DOD DDJC Hydrogen Fueling System
